Глубокоуважаемый Максим Владимирович!

По приглашению Министерства здравоохранения Республики Беларусь 30-31 мая 2019 года я принимал участие в Республиканской научно-практической конференции с международным участием и практическим мастер – классом «Мужское репродуктивное здоровье и хирургические методы коррекции некоторых его функций».

Я возглавляю Центр андрологии и урологии ФГБУ Национальный Медицинский Исследовательский Центр андрологии г.Москвы, который является признанным лидером в России и странах СНГ по восстановлению и сохранению мужского и репродуктивного здоровья.

Во время конференции меня заинтересовали практические результаты белорусско – Российского проекта «Социальная реабилитация молодых инвалидов – колесничков через спортивные тандемы на колесах, общение с природой и прыжки с парашютом в тандеме».

Эта система позволяет выводить молодых людей, получивших спинномозговую травму, в короткий срок из состояния глубокой депрессии к активной социальной жизни, можно воздействует на психическое и физическое здоровье людей, возлео судьбы оказавшихся в инвалидной коляске.

Очень поразила меня тот факт, что у молодых колесничков, прошедших через белорусско-Российский проект родилось 20 детей, в том числе 17 детей у девушек – колеснички.

Россия и Беларусь решают общие задачи в области демографической безопасности. Кроме того, к реализации белорусско-Российского проекта уже подключились общественные организации Азербайджана, Казахстана, Франции.

Прошу Вас, уважаемый Максим Владимирович, поддержать инициативу ОО «Белорусский фонд помощи спортсменам-инвалидам» продемонстрировать данный международный проект на мероприятиях, сопровождающих проведение II – Европейских игр в Минске 21-30 июня 2019 г. Уверен это мероприятие даст новый импульс в развитии международных коммуникаций не только в сфере спорта, но и в укреплении социально-демографической кооперации на уровне межгосударственных задач. Убежден, этот уникальный проект должен стать достоянием гласности в десятках стран.

С уважением,

Профессор, доктор медицинских наук,
руководитель Центра Андрологии НИИЦ андрологии,

The project of the Public Association “Belarusian Relief Fund for Disabled Sportsmen” called “Social rehabilitation of disabled people through wheelchair dancing, work, connecting with nature and tandem parachute jumping” was considered at the 5th meetings of the Councils of the Commonwealth of Independent States and recommended for implementation as one of the main models of comprehensive social, cultural and sports rehabilitation of disabled people in the CIS

(Belarus, Armenia, Azerbaijan, Russia, Kazakhstan, Turkmenistan, Moldova, Tajikistan, Uzbekistan)

- October 15, 2010 at the meeting of the Council for Cooperation in the field of Health Care;
- November 21-22, 2010 at the meeting of the Council for Youth Affairs;
- April 14-15, 2011 at the meeting of the Council for Physical Culture and Sports;
- November 22, 2013 at the meeting of the CIS Advisory Council on Labour, Migration and Social Protection;
- October 27-28, 2014 at the meeting of the CIS Council for Cultural Cooperation.

For the current period, the Project was approved by Resolutions of the Council of Ministers of the Republic of Belarus No. 73 of January 30, 2016 for 2016-2020, and No. 748 of December 21, 2020 for 2021-2025.

The Dance and Parachute Jump Project of the PA “Belarusian Relief Fund for Disabled Sportsmen” is included in the National Action Plan for the Implementation of the Convention on the Rights of Persons with Disabilities in the Republic of Belarus for 2026-2030.
